FOREWORD

In this thirty-second volume of our yearbook, the *WARRIOR*, we have tried to record the happenings of this year in a way pleasing to everyone. It has taken many hours of planning and hard work to complete it. The members of the staff and our advisers have worked faithfully for many months.

It is with the theme *REFLECTIONS* in mind that we present our *WARRIOR*. Our past twelve years of formal education have been enlightening ones — a time of contact with people and ideals that has resulted in our development into mature people ready to take our places in the future. Through the opportunities here at Everett Area High School we have gained a firm foundation.

Time goes on and changes come to pass. Our schools keep surging forward, and we strive to meet our goals. Nevertheless, we shall continue to look back to yesterday — and it will reflect the memories that lie deep within our hearts. This part of our life will not be lost.

So we, the staff of this 1968 edition, sincerely hope that it will be considered a cherished possession in the years to come.

IN DEDICATION

CLAUDE F. LARIMER

We, the Class of 1968, are proud and happy to dedicate this *WARRIOR* to Claude F. Larimer, who is completing twenty years of service in Everett.

Prior to coming here in September, 1948, Mr. Larimer taught at Ebensburg High School and Girard Boys School in Philadelphia and was Supervising Principal of Hooversville School District. An alumnus of Ebensburg High School, he was graduated from Shippensburg State College with the Bachelor of Science degree and took graduate work at the University of Pittsburgh and Northwestern University.

He was active in sports in high school and college and played baseball for the New York Yankees for several seasons. This interest in sports served him well as he coached and refereed football, basketball, and baseball during his teaching career.

His first sports assignment at Everett was that of Head Basketball Coach, and his first team (1949) went all the way to State Semifinals—an achievement that has not been equaled since. He later gave up coaching to become our first Athletic Director, a post which he held until he was named our first Attendance Director.

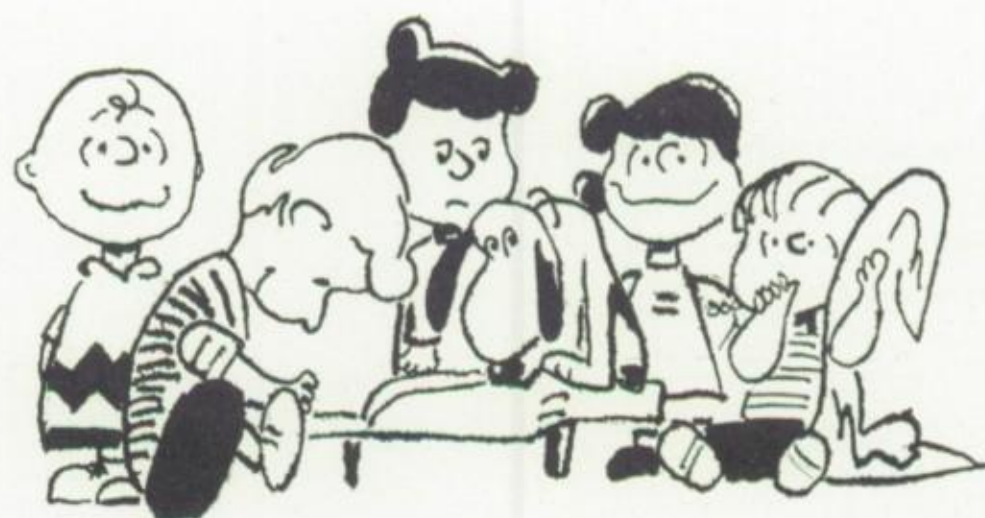

When the new high school was opened, Mr. Larimer's teaching assignment was changed from civics and American History to Problems of Democracy. Economics was incorporated as a part of this course a few years ago.

His hobby of numismatics brought him an enviable collection worth thousands of dollars and led many boys to develop such an interest that he organized the Coin Club three years ago.

As the year draws to a close, we look back upon his career as one which we might hope to follow. We are happy for his successes and respect his devotion to the cause of education and his interest in youth. We shall never forget his sense of humor, which enlivened our classes with him.

We salute you, Claude Larimer, and wish for you a long retirement filled with good health and happiness.

From the office of—

SNOOPY, Commanding Officer of *The Proficient* 132

To The Red Baron, my respected enemy

Sir:

Although you and your entire flying circus are widely acclaimed for your daredevil antics while in flight, it is indeed a pleasure for me to inform you that I have organized a squadron of high fliers that will put any of your best to shame. Calling themselves *The Proficient* 132, their six years spent in training and in combat tests here at Everett Area High School have secured for them many team and individual accomplishments.

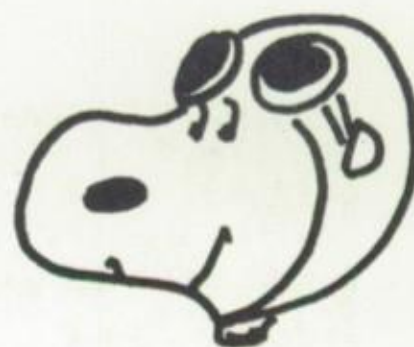

The first two years of high school consisted mainly of a modern basic training designed to get them into shape for the next four years. Their silent motto was "Either grow taller quickly or get trampled." (It's startling how huge the full-fledged trainers and the upper-classmen appear to youthful cadets.)

As Freshmen, the group earned their wings. There was a choice of curriculum and also the sponsoring of a roller-skating party, an affair that would put one of your deadliest combats to shame as our cadets strove to keep their crafts upright.

As Sophomores, the group experienced no real change in social status. However lowly they might have appeared to their cocky superiors (the upperclassmen), they developed a keen business acumen and conducted such a sale of candles that the entire neighborhood was well lighted for weeks.

By the end of their Junior year in flight training, each flier had developed an aura of confidence and a swollen knuckle from admiring so many hundreds of times his class ring — the symbol of a hard-fought victory over trying classes and severe testings. Their business acumen brought them many profits from sales of Christmas items. The Junior Variety Show, playing to an over-capacity crowd, was a smashing success with no casualties.

Now as Seniors, they have found that their usually amiable life has become one hectic

rush — to win honors, to trade pictures, or to read of your latest capers, Red Baron.

Many honors have been bestowed upon this, my best squadron. Among them is the privilege of having a dashing French pilot, Mike Savouyaud, spend a year as a member of their class and graduate with their colors. Others include Mary Anderson, the Betty Crocker Homemaker Award; Connie Cornell, the D.A.R. Good Citizen Award; Richard Fogal, the first EAHS student to win the State Soil Conservation Speech Contest; Jeff Foor, Bedford County Elks Youth Leadership winner; Jane Hood, the first EAHS student to become a member of the School Band of America and its European Concert tour; Mike King, first from EAHS to attend Regional Chorus for three years; Herb Kisamore, his wrestling honors; and Ed Wigfield, the only class member to receive a Letter of Commendation from the National Merit Scholarship Foundation. Last, but not least, was the unexpected and dubious honor of being the first Senior class to endure the new schedule—gulped lunches and all.

Yes, Red Baron, my team has the winners—132 of them—and I am their hero! I suppose it's only fair not to take all the credit for their gains. Their harried teachers and advisers have certainly done their part to bring them into flying form ready for real combat. I am not a moralist but a commander of planes; however, I say that these chaps will outfly and outlast any of yours. Their goals are high. Though they have done wonders in school, the real tests will come in the long flight of life. The lessons they have learned in their years of training will be forever instilled in their minds. They face you unflinchingly. After all, danger is their business — and they are out to conquer the world.

After turning their school books in
 By the greatest classes there have ever been,
 Came a roar and a thunder teachers had never heard
 As the passing students said a farewell word.

—With apologies to Snoopy

CURRICULUM

EDUCATIONAL GUIDANCE FOR THE FUTURE

THE LIBRARY

Our favorite hang-out. Right, Seniors?

THE GUIDANCE ROOM

But Vassar is a girls' college, Bill!

SPECIAL ATTENTION HELPS TO PREVENT FAILURE

TUTORIAL PROGRAM

Behind every man there's a woman.

SPECIAL EDUCATION

Concentration is fascination.

TEACHERS STIMULATE INTEREST IN LANGUAGES

Verbs are action words—like baseball, football, track.

Veni, vidi, vici—I came, I saw, I—failed?

I, you, he, we, you—you'uns?

THE WIDE WORLD OF COMMUNICATION

"Hey, it's your line, Tom," prompts a future TV star.

Testing, testing—thought that was reserved for airplanes and cars.

. . . and Barky the police dog just said, "Woof, woof."

There—that sentence's analyzed.

LEARNING LANDS AND PEOPLE

Faking study is much easier when the cameraman is watching.

Now on my last expedition . . .

In the days when Daniel Boone was a man
. . . yes, a BIG man.

Now, Dale, would I lie to you—especially about P.O.D.?

EXPRESSING OURSELVES

Oh, do you know the muffin man . . .

Today—a nobody. Tomorrow—Ringo Starr?

El Creco alias El Roger Long

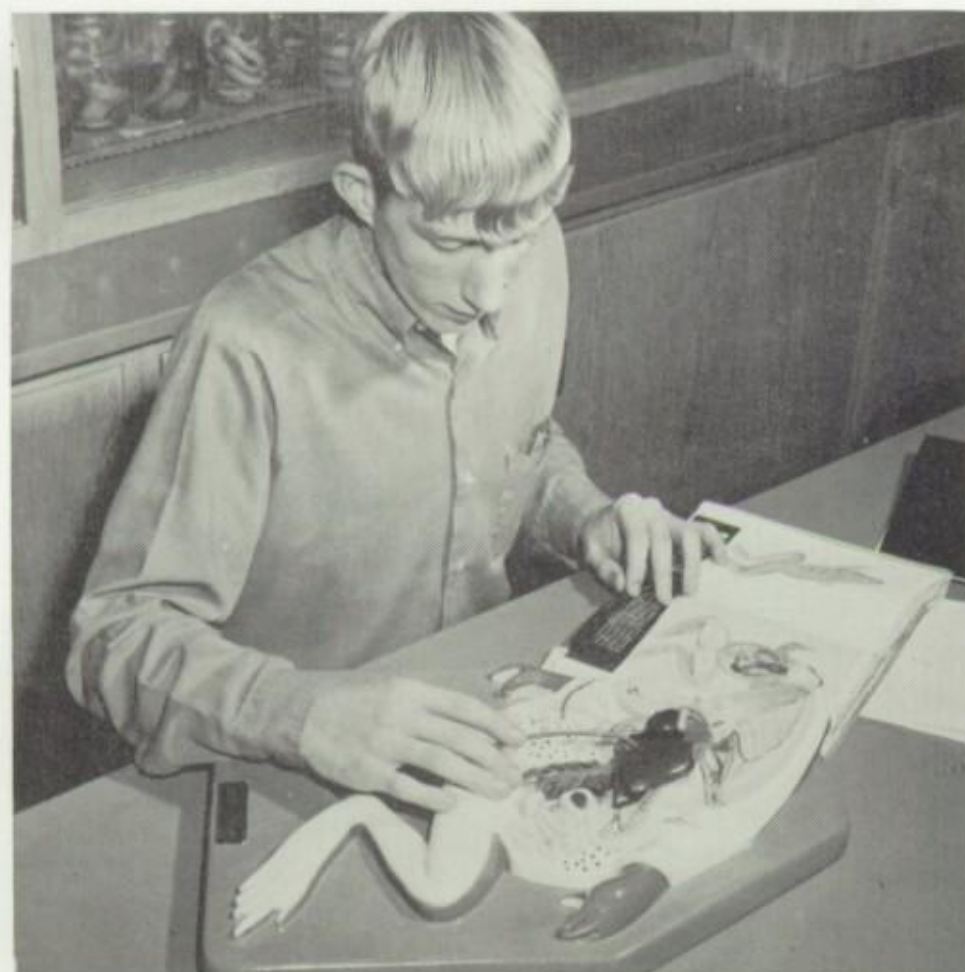

THE PROBLEMATIC WORLD OF SCIENCE AND MATHEMATICS

And this is where I shot my first squirrel.

My slide rule came in a box of Captain Crunch.

I'll never eat frog legs again.

Could use a little more Bisquick.

STEPS TO THE FUTURE

The simpler the problem, the better for me.

Why don't they install a computer for us?

I'll bet this will cure anything!

GAINING PRACTICAL EXPERIENCE

I got him with green stamps.

Punch for two, two for punch,
You for me, me for punch!

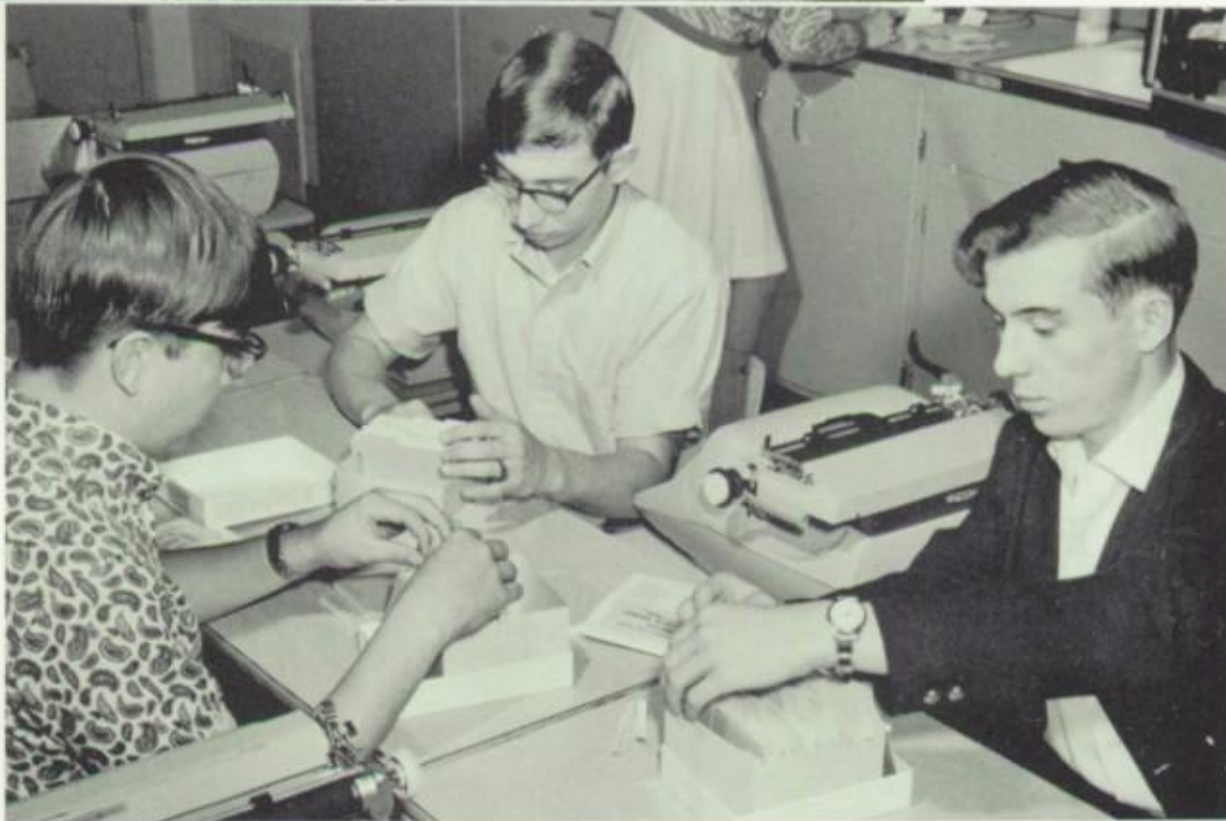

Gee! It fit you last week!

PREPARING FOR FUTURE ENDEAVORS

Busy fingers—and minds?

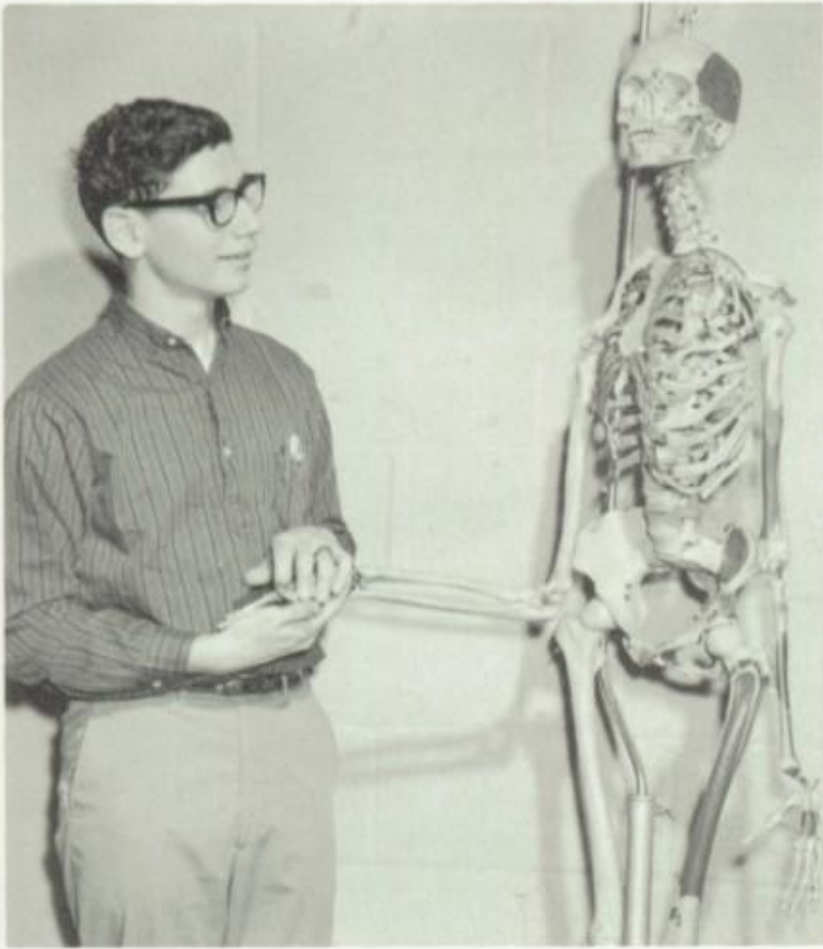

Keep looking, Boys.
There's a girl filed
away somewhere.

Psst!—Here comes that
6-foot blonde!

PHYSICAL AND MENTAL FITNESS

Mr. Bubble gets you so clean
your mother won't know you

Good drivers stay mentally alert

That's the bone Mommy broke

. . . thirteen (puff), fourteen (puff, puff)
fifteen (puff, puff, puf-f-f-f)

KEEPING IN SHAPE

Half a league! Half a league! Half a league onward!

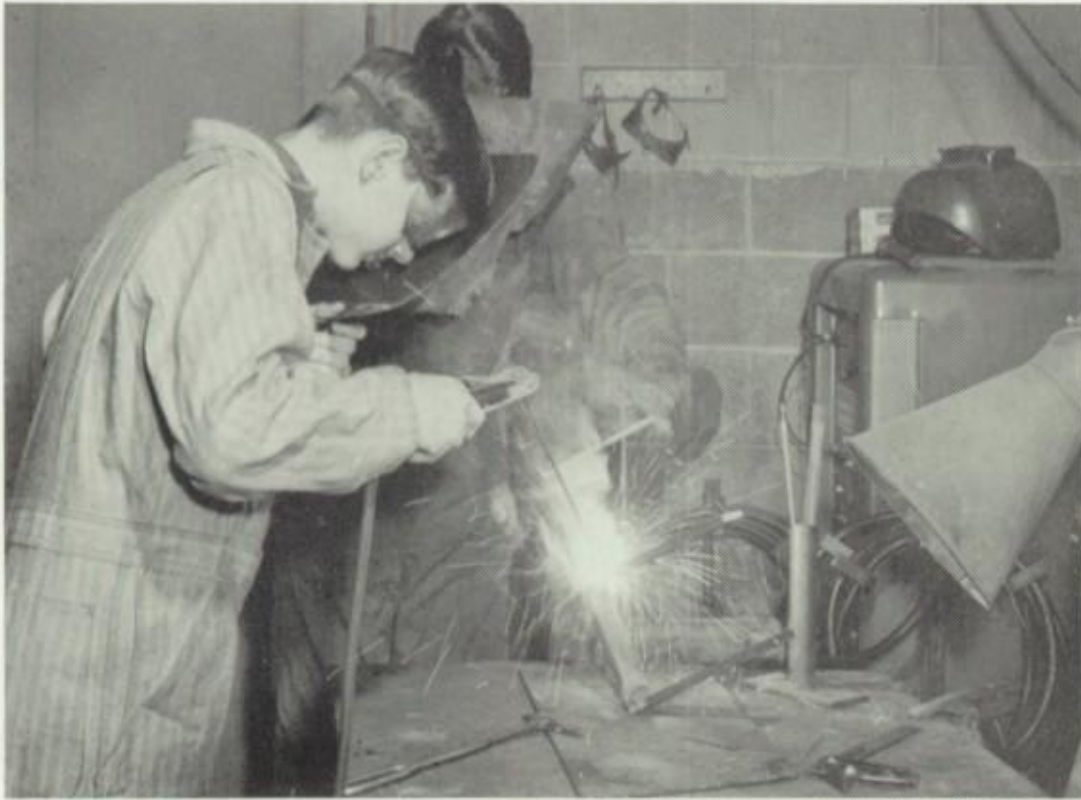

And awa-a-ay we go!
(for the twentieth miss)

Must have been those school lunches

ACQUIRING BASIC SKILLS

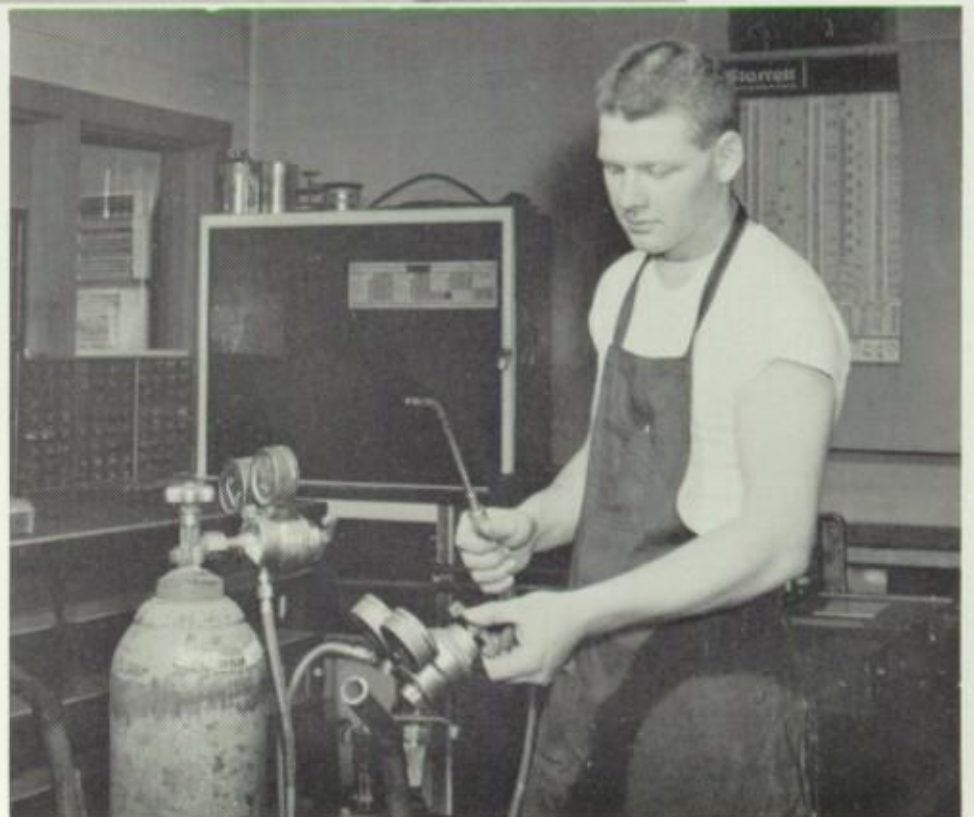

When did Mr. Crawford say
he needed his car?

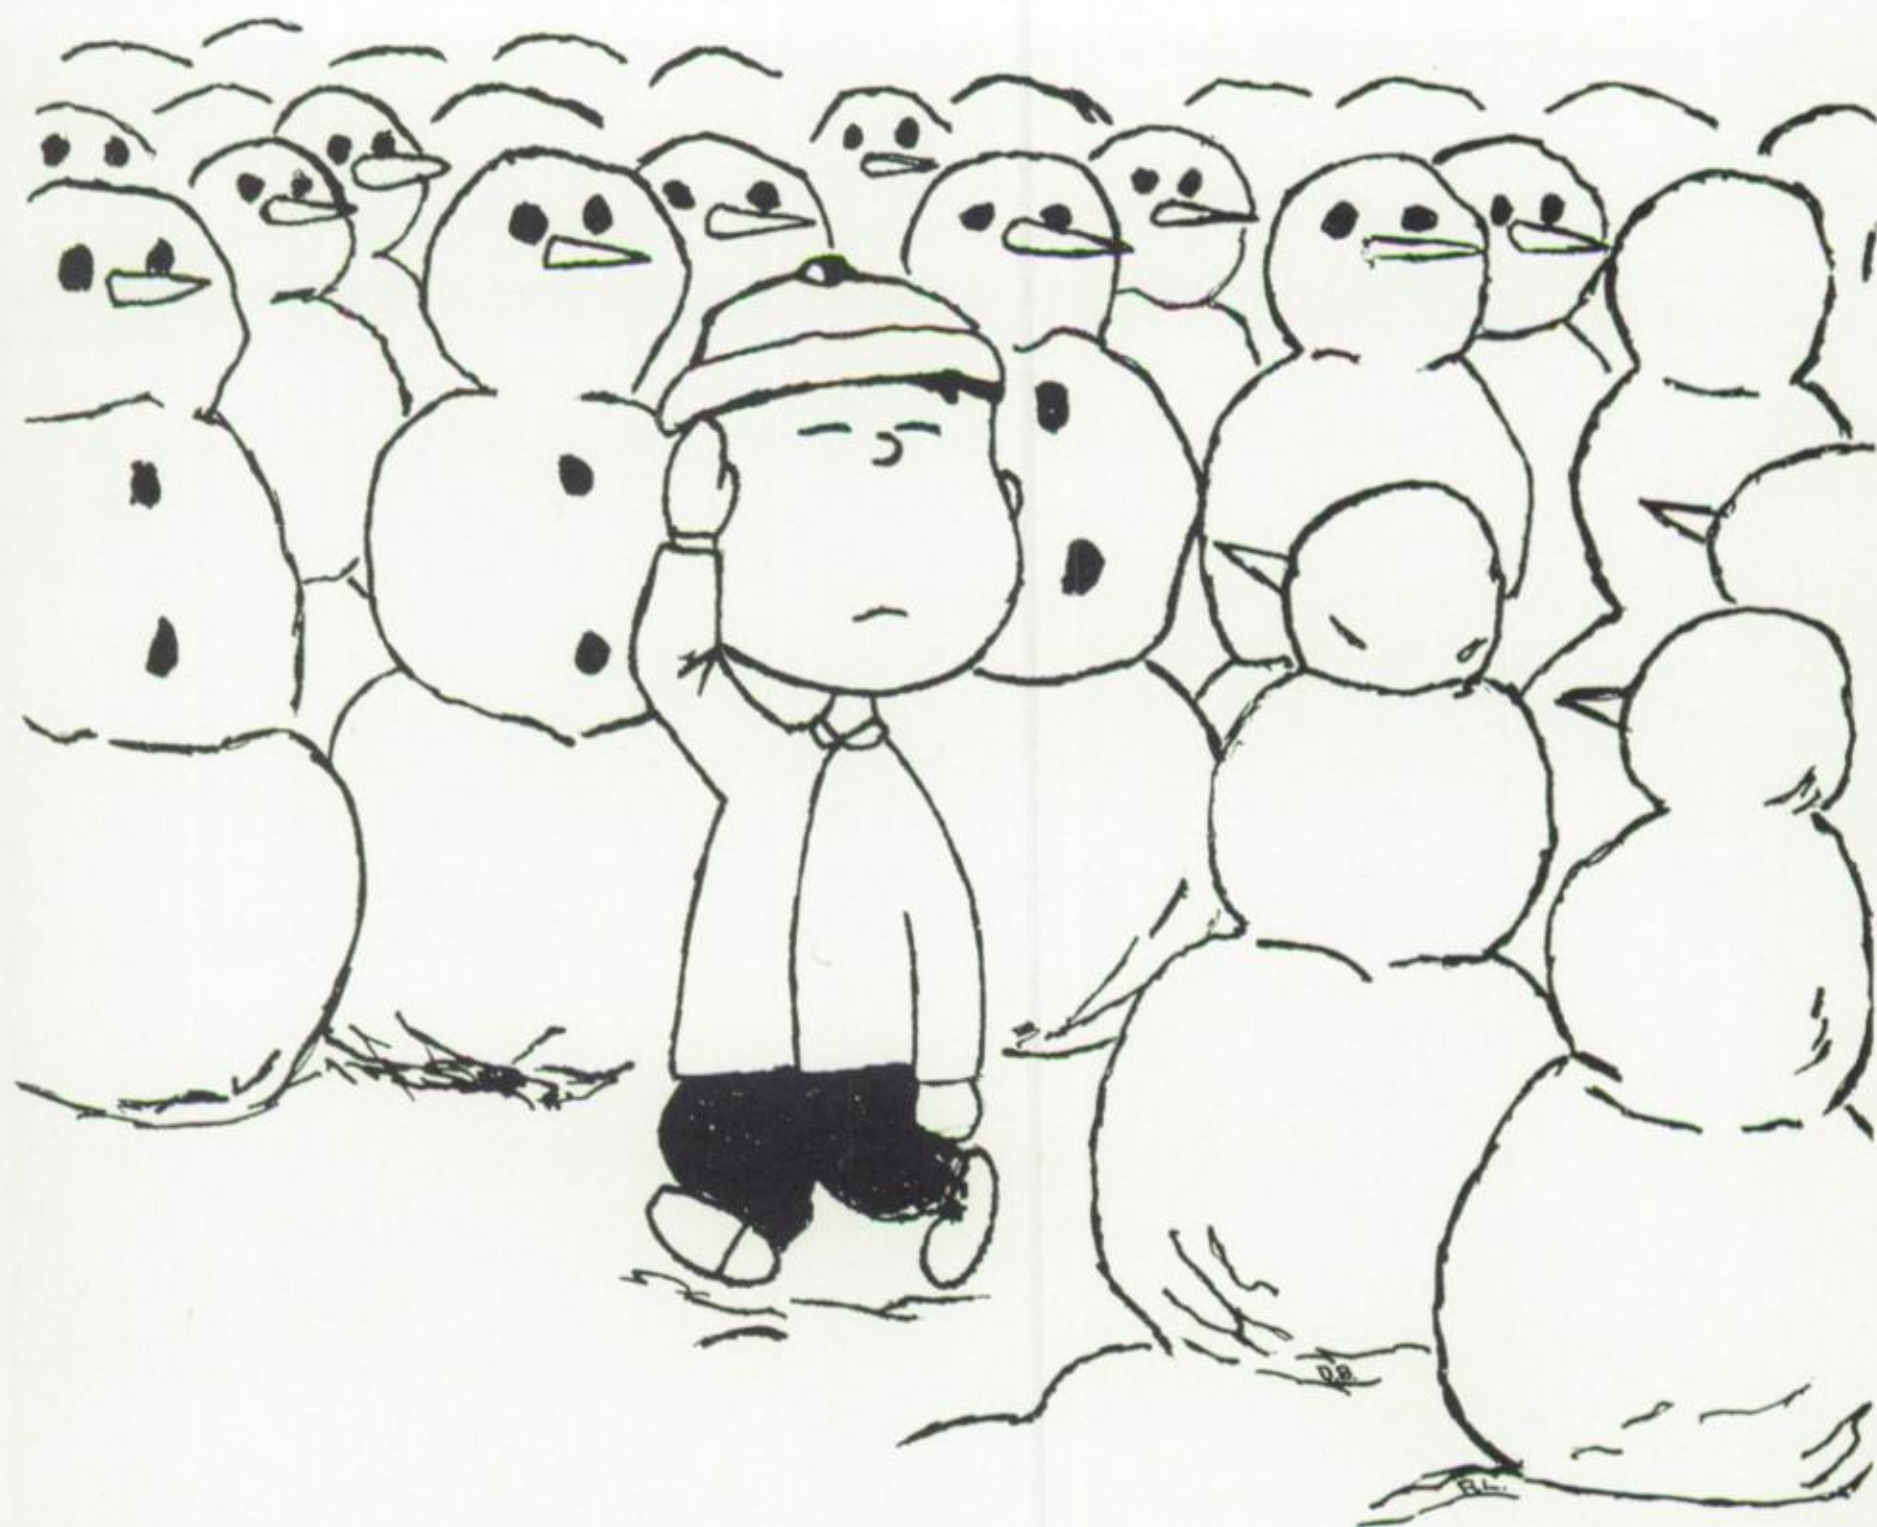

Cracking down on Brother Rats

Making the world's first supersonic cigarette

ALMA MATER

*Everett High, so true,
 How we all love you!
 And we're proud to say,
 "You belong to us alway."
 Everett High, we call
 Greatest school of all.
 Victory or defeat,
 We'll all repeat
 Our praise for Alma Mater,
 Everett High.*

IN APPRECIATION

With sincere gratitude we, the Class of 1968, wish to express our appreciation for the wonderful guidance given us by Miss Thelma Morse, Mr. Charles Kennedy, and Miss Jane McCormick.

Miss Morse advised the photography, the writing, and the layout of our yearbook, while Mr. Kennedy directed the business and typing staff in typing, advertisements, the subscription campaign, and circulation. Miss McCormick counseled the artists.

To Mr. Crawford we express a hearty thank-you for his consideration and cooperation in scheduling the taking of pictures. We thank the Bedford County Press for providing us with some pictures. We also appreciate the professional services given us by Cover Studio and Weigel and Barber, Inc.

An extra special thank-you goes to Mr. Charles M. Schulz for his permission to use his comic strip characters to enliven the pages of the 1968 WARRIOR.

JEAN-MICHEL JULIEN SAVOUYAUD

"Mike", our foreign exchange student from France, attended school with us this year. He was sponsored by the Bedford County Council of Churches and lived with the Bruce Foor family in Everett. His parents, two brothers, and a sister live near Paris.

Mike fit well into our school system and our student body. A model of politeness and courtesy, he endeared himself especially to members of the opposite sex. Adapting easily to our school customs and overcoming the language barrier, he earned the respect of all who were closely associated with him. He enlivened many of our English classes as he told of the differences between our language and his.

It was a privilege to share our Senior year with him. We know that our lives have been enriched and our viewpoints broadened by this rare opportunity of having personal contact with someone from across the Atlantic. As we regretfully bid Mike farewell at graduation time, we wish him pleasant memories of his year at EAHS and a happy, successful future.

A lively chat with new friends is a happy time for all
